Synopsis as Enacted

Sponsors: Senator Kohl-Welles; by request of Joint Legislative Systems Committee.

Senate Committee on Government Operations & Elections

House Committee on State Government & Tribal Affairs

Background: The Joint Legislative Systems Committee (JLSC) oversees the Legislature's information systems and technology policy. JLSC consists of four legislative members, one from each of the two largest caucuses in each chamber of the Legislature. JLSC is advised by an administrative committee, the Joint Legislative Systems Administrative Committee (JLSAC), consisting of five members; two from Senate administration, two from House administration, and one from the Office of the Code Reviser.

Among other duties, JLSAC is responsible for adopting policies and standards regarding information processing and communications systems of the Legislature. JLSAC is also responsible for entering into contracts for the sale or acquisition of equipment, supplies, services, and facilities, and for the distribution of legislative information. JLSAC also employs and fixes the compensation for personnel as required.

JLSC employs the Legislative Systems Coordinator, who is the executive head of the Legislative Service Center (LSC). LSC provides data processing services, equipment, training, and support to the Legislature.

Summary: The coordinator of LSC, rather than JLSAC, must employ or engage and fix the compensation for personnel as required in accordance with an adopted personnel plan. The coordinator, rather than JLSAC, must also enter into contracts for the sale or acquisition of equipment, supplies, services, and facilities, and for the distribution of legislative information.

JLSAC is required to approve strategic and tactical information technology plans and provide guidance in operational matters as required.

The authority of LSC to provide services to agencies of the judicial and executive branch, as well as provide public access to legislative information, is clarified.

JLSC, JLSAC, and LSC are exempted from Information Services Board and Department of Information Services oversight.

The legislative systems revolving fund is abolished. JLSC, JLSAC, and LSC will operate on funds appropriated by the Legislature.
